

ALBERTA SECURITIES COMMISSION

EXEMPTION ORDER

Commodity Exchange, Inc.

Background

1. Commodity Exchange, Inc. (**COMEX**) seeks an order (the **Requested Relief**) under section 213 of the *Securities Act* (Alberta), R.S.A. 2000, c. S-4 (the **Act**) that:
 - (a) section 106 of the Act, which prohibits a person or company from trading in an exchange contract on an exchange in Alberta unless the exchange is recognized under section 62 of the Act and the form of the exchange contract has been accepted by the Alberta Securities Commission (the **Commission**) under section 107 of the Act, does not apply to trades (**Exempted Trades**) in exchange contracts offered by COMEX (**Derivatives Contracts**) carried out on trading and clearing systems or trading platforms owned, operated, leased, licensed or otherwise made available by COMEX (collectively, **Exchange Platforms**) to or by persons (**COMEX Qualified Parties**) who are:
 - (i) registered under Alberta securities laws to trade in exchange contracts;
 - (ii) exempt from such registration requirements; or
 - (iii) “Qualified Parties” as defined in Commission Blanket Order 91-503 *Over-the-Counter Derivatives Transactions and Commodity Contracts*;
 - (b) section 62 of the Act, which prohibits a person or company from carrying on business as an exchange in Alberta unless the exchange is recognized by the Commission, does not apply, in respect of Exempted Trades, to the operation of the Exchange Platforms or to the provision by COMEX to COMEX Qualified Parties of direct electronic access to the Exchange Platforms; and
 - (c) section 75(1)(a) of the Act, which prohibits a person or company from acting as a dealer or an adviser unless the person or company is registered in accordance with Alberta securities laws, does not apply to Exempted Trades executed by or submitted for execution on the Exchange Platforms through clearing members of the New York Mercantile Exchange, Inc. (**NYMEX**) (**NYMEX Clearing Members**).

Interpretation

2. Unless otherwise herein defined, terms used in this order have the same meaning as in the Act or in National Instrument 14-101 *Definitions*.

Representations

3. COMEX represents as follows:
 - (a) COMEX is a not-for-profit corporation organized under the laws of the state of Delaware in the United States of America (the **US**) and an indirect wholly-owned subsidiary of CME Group Inc. (**CME Group**).
 - (b) All Derivatives Contracts are executed by or submitted for execution through NYMEX Clearing Members, each of which must, to qualify as such, maintain at least US\$5 million of working capital determined in accordance with the US *Commodity Exchange Act* (the **CEA**) and must maintain funds on deposit in a guarantee fund maintained by NYMEX (the **NYMEX Guarantee Fund**) in accordance with the CEA and the rules of NYMEX. The NYMEX Guarantee Fund will be available to ensure the clearing of the Derivatives Contracts on the Exchange Platforms in the event that a NYMEX Clearing Member is unable to satisfy its obligations to NYMEX or to the NYMEX Clearing Members.
 - (c) COMEX is a designated contract market (a **DCM**) and NYMEX is a derivatives clearing organization (a **DCO**), within the meaning of those terms under the CEA and is subject to regulatory supervision by the Commodity Futures Trading Commission (the **CFTC**), a US federal regulatory agency. The CEA obligates COMEX and NYMEX to give the CFTC access to all records. The CFTC reviews, assesses and enforces COMEX's and NYMEX's adherence to the CEA and other applicable laws, including CEA requirements for DCMs and DCOs relating to financial resources, systems and controls, maintenance of an orderly market, execution and settlement of transactions, rule-making and investor protection. CFTC supervision of COMEX and NYMEX thus addresses the same concerns as would be addressed, in respect of Exempt Trades, by recognition of COMEX by the Commission under the Act and provides an equivalent level of protection to the Alberta capital market and Alberta investors, including COMEX Qualified Parties.
 - (d) Subject to US privacy laws, the CFTC can, on the Commission's request, share with the Commission information in the CFTC's possession regarding COMEX's activities as a DCM and NYMEX's activities as a DCO and otherwise cooperate with the Commission.
 - (e) COMEX proposes to offer to COMEX Qualified Parties in Alberta direct electronic access to the Exchange Platforms to enable them to trade Derivatives Contracts, which may involve activities that would, but for this order, be subject to sections 62, 75(1)(a) and 106 of the Act. COMEX or an affiliate of CME

Group may open an office in Alberta to develop and market Derivatives Contracts in Alberta.

- (f) Each of the COMEX Qualified Parties permitted by COMEX to trade on the Exchange Platforms in Alberta will be contractually obligated to notify COMEX within 10 days of any substantive change to their qualification as a COMEX Qualified Party.

Undertakings

4. COMEX undertakes to:

- (a) comply with Alberta securities laws;
- (b) satisfy, unless prohibited by law, all Commission requests for information regarding the activities of COMEX, the Exchange Platforms, Derivatives Contracts, COMEX Qualified Parties and Exempted Trades;
- (c) provide any requisite consent to enable the CFTC to share information with the Commission regarding COMEX's conduct as a DCM;
- (d) ensure that each purported COMEX Qualified Party is such;
- (e) maintain a validly appointed agent in Alberta to accept all communications and service on behalf of COMEX (the **Agency Arrangement**);
- (f) provide to the Commission:
 - (i) at least 10 days advance notice of COMEX's intention to begin offering any particular Derivatives Contract that differs substantively from Derivatives Contracts previously offered by COMEX and traded in reliance on this order, and a copy of the terms and conditions of the proposed new Derivatives Contract;
 - (ii) within 30 days after the end of each calendar quarter, a list of all COMEX Qualified Parties (with contact information for each) permitted by COMEX to trade on the Exchange Platforms in Alberta, with any changes from the prior list identified;
 - (iii) within 5 days of any change in the Agency Arrangement, written notice of such change;
 - (iv) prompt written notice of any significant change in applicable US law relevant to COMEX's operation as either a DCM or a DCO; and

- (v) prompt written notice in the event that COMEX becomes aware that any of its representations set out above is no longer true in any material respect or COMEX becomes unable to fulfil any of its undertakings set out above.

Decision

- 5. The Commission, being satisfied by COMEX's representations and undertakings that it would not be prejudicial to the public interest to do so, orders that the Requested Relief is granted for so long as:
 - (a) COMEX maintains in good standing its designation by the CFTC as a DCM;
 - (b) NYMEX maintains in good standing its designation by the CFTC as a DCO, and
 - (c) COMEX's representations set out above remain true and COMEX fulfils its undertakings set out above.

- 6. Unless terminated earlier, this order will expire on 31 October 2011.

19th of October 2009
